Director's Message

Greetings!

Welcome to the Institute of Management Technology, Nagpur (IMT Nagpur). Sincerely thank you for showing your interest in making our students an integral part of your organization.

Established in the year 2004, IMT Nagpur enriches the young minds by stimulating a spirit of inquiry for making students smarter. Our programs in PGDM, PGDM - Marketing & PGDM - Finance are full of continuous Live Projects, Harvard and Indian cases, Simulations and experiential pedagogies. We offer number of opportunities for outside class room engagements through student driven committees. For us, systems and processes have evolved with time. As a result, some of the best accreditation agencies like NBA, AIU, SAQs and AACSB (Member) have assessed and shown confidence in our operations.

As your esteemed organization is looking for smart thinking and result oriented students for early assignments, our programs are aligned with the expectations of industry. Over 4,500+ well-placed alumni of IMT Nagpur have rightly earned confidence amongst recruiters. Each one of them have diligently worked over the years to make stupendous success for their organizations. Our recruiters confidence in us is evident from the fact that many of them come back year after year for final placement and internship engagements. We collaborate with recruiters in every stage of student's journey on our campus - from Induction to Experiential Learning and Final Placements.

We value our relationship with you and have always been extremely grateful for your support. Once again we invite you, a leading institution of reckoning, to visit our campus and find well-crafted developed students to be a part of your skilled workforce.

Warm regards,

Dr. Bigyan Verma

Director - IMT Nagpur

Once again, we welcome your organization to our vibrant and green energy campus for the recruitment of graduating student managers of 2022-24 batch.

Looking forward to see you at our campus.

Season's greetings and warm regards.

Dr. Pawan Jain

Chairperson – Placements, Training & Development

The PGDM Programs

IMT Nagpur offers Two Year Post Graduate Diploma in Management (PGDM) program to equip the students with management education across various functional domains like economics, business analytics & IT, operations, OB & HR, finance and marketing. It aims to provide young graduates an opportunity to develop managerial skills across these areas. The program also focuses on developing soft skills among students, along with technical knowledge, which are equally important to compete and thrive in the competitive business environment. The curriculum has been designed to lay a strong foundation for developing the logical and analytical skills of the students. The program provides an intensive, stimulating and challenging learning experience in the management discipline.

The full-time PGDM programme of IMT N is accredited by AICTE. It is a fully autonomous residential program carried through a trimester system (six terms) spread over two academic years.

The program is spread over 42 courses and a summer internship project. During each of the course, reality checks are done regularly through various components such as midterm and end-term exams, quizzes, short assignments, class participation, group projects etc.

IMT N follows a Cumulative Grade Point Average (CGPA) system of a 10-point scale. Grades are awarded to students on their performance in each of the courses based on various units of evaluation. A student must have a minimum CGPA of 5.00 at the end of the programme to be awarded the PGDM.

The PGDM

The PGDM (Post Graduate Diploma in Management) is awarded in the following streams:

PGDM

The institute allows students to either pursue PGDM without any specialization or specialize in one/two functional areas.

The institute allows students to either specialize in single area (stream specialization) or two functional areas, keeping the stream specialization as the first specialization.

PGDM

(Finance / Marketing)

The first year of these programmes - common to all of them- takes the students through a number of compulsory courses across various function areas such as Marketing, Finance, BA & IT, HR & OB, Operations & Economics. This creates a solid base for the students to acquire their specialization the second year.

In the second year of the programme, a student has to choose 12 electives offered by the Institute.

A student may specialize in the functional areas such as Finance, Marketing, HR & OB, Operations and Business Analytics & Information Technology depending upon their area of specialisation.

Summer Training and Projects

The Summer Internship Project (SIP) is an integral part of the PGDM Programme at IMT N. This project, spread over a period of 8 to 12 weeks between the two academic years and exposes students to the rigours and realities of the corporate world while equipping them to focus on learning in their functional areas of interest during the second year of the programme.

The entire programme, thoughtfully conceived to meet the challenges of future leadership, aims at shaping managerial talent with the values of integrity, co-operation and creativity.

Alumni Testimonials

Test

IMT Nagpur gives a full 360-degree exposure to each student manager for overall development, be it educational, sports, event management, activities/fests organized by clubs, foreign exchange programs, small business start-up experiences like a coop, etc. The faculty use the latest educational materials to impart knowledge/skills required in the real world. I thank IMT for facilitating campus placements which helped me to be placed in SBI (when SBI visited IMT college for recruitment in 2015) and I am still continuing my job at SBI in Finance + IT domains (which were my major and minor specialization at IMT). I am privileged to be part of the IMT family.

- Hitesh Deva (2013-15)
Vice President
State Bank of India

I had the best experience with IMT Nagpur. From this extremely alien place when the course started off to literally calling it my second home by the end of it, I never realized when things changed. From teaching me things about life (personal and professional) to gaining confidence in my skills, IMT brought out the best in me. And of course, the faculty - there is nothing I can talk about them that would describe their impact and takeaways in my life. University has the best & most helpful faculty and placement cell. The immense exposure at this campus added a lot to my personality and trained me to face the outside world. I treat IMT like a simulation of the corporate world which is the best experience to have for a full-time course. Its pedagogy is ever-changing and evolving keeping in mind all the recent needs of business studies and skills. It is always focused on practical learning, teamwork, and creative problem solving and you are always encouraged to think out of the box. IMT, being a student-run college, gives you immense opportunities to get yourself engaged with things of your interest that help and prepares you for the struggles after college. I will always be very grateful to them for effectively and sincerely helping and shaping my professional career.

- Aditi Nair (2015-17)
Senior Manager
(Business and Growth)
Lenskart

It was my immense fortune to be a part of IMT Nagpur. My journey here was eventful and memorable one. I was nourished with a plethora of knowledge by dynamic faculty and fun with my energetic peers. It provided me with a platform to build my character by enhancing my leadership and management skills through various forum activities and events. I would forever be grateful to the institution for providing me a cross-functional exposure that has helped me shape my professional career in the Corporate World.

- Rajat Saraff (2013-15)
Senior Solutions Consultant
Razorpay

im Alumni

IMT Nagpur is responsible for making me the person I am today. Apart from acquiring management and business skills, IMT gave me the platform to understand the importance of networking and collaborating which is one of the most critical skills required to function in a corporate setup. I would always remain grateful to the institute and all the faculty members.

- Rushi Deshmukh (2014-16)
Senior Consultant
EY

MT N has given me the opportunity to explore all my capabilities in me. Thanks to your student-driven campus and the forums I have been associated with. I still remember words from one of my seniors that these 2 years of IMT N will transform my personality overall and to be honest, it did. After my MBA when I look at any event across, I am now able to connect all the dots and understand the broader aspect of it.

- Sanket Paunikar(2017-19)
Research analyst
SG Analytics

I am thankful to IMT Nagpur for providing me the opportunity to learn from some of the best faculty who always encouraged us to challenge our limits and think out of the box. Numerous case studies helped us apply theoretical knowledge in “real world” scenarios. The environment, facilities & infrastructure provided to its “student managers” for both academic and non-academic purposes were best in class. During the 2 years at IMT, I was pushed out of my comfort zone, interacted with & learned from my peers from diverse backgrounds, and explored an entirely new culture through the exchange program. It was more than anything I could have ever imagined from my MBA institute. I wish the future batches all the very best in their journey.
