(D) In-company Programme (As per Corporate specific locations)

In addition to the open capacity building Programme, the CSGD conducts exclusive in-company programmes on "CSR Initiatives & Sustainable Development" for the corporate or a group of corporates, belonging to a particular sector. In-company training programmes are focused and customized based on the training needs of the particular corporate.

The programme helps corporates in understanding key sustainability challenges and opportunities to mitigate their risks by strategizing CSR/Sustainability based Projects, keeping the National and Global imperatives in view. The programme also brings on board excellent practical cases from distinct projects/ventures, thereby providing an exposure to project development and its implementation.

After successful completion of the programme, the participants would be better equipped to understand the respective sector’s core strengths and challenges. They would be able to better strategize and accordingly plan and develop projects to address issues relevant to CSR and Sustainable Development.

Note: In-company Programme fees would be provided on request depending on the programme coverage and days.

(E) Online Post Graduate Certificate Programme (6 months) on "Environment Sustainability, Social Responsibility & Sustainable Development"

IMT-Nagpur in collaboration with IMT-Centre for Distance Learning Gd, is planning to launch a 6 months online post graduate certificate programme on "Environmental Sustainability, Social Responsibility and Sustainable Development." This first-ever online Post Graduate certification programme in India has been specially designed to develop environment and social responsibility, professional knowledge on sustainability and its management among mid/senior level working executives, practicing professionals and young executives, to suitably equip them with necessary skill, knowledge and the competency on sustainable business development. The programme curriculum perfectly blends the theory, applications across varied sectors besides providing information, comprehensive knowledge, hands on project designing with insightful interactive sessions, real life experiences and the practical case study presentations on strategic CSR, sustainability and sustainable development pursuits, keeping national and global imperatives in view.

Programme Fee: INR 1,00,000/- plus 18% GST
Programme Fee Includes: Study Learning Material, Live On-line Classes, Recorded Lectures, access to LMS (Learning Management System), Field Visits to Institutions of Eminence/class room sessions and issuance of Certificate upon completion.
